Jakarta International Multicultural School

Early Years Programme

Toddlers | Preschool | Reception

It is more than just an Early Years Programme

### Welcome To JIMS

JIMS nurtures students to become life-long learners, recognising their different needs and talents, thereby facilitating the development of the whole child: body, mind and spirit.

The prime language in JIMS Early Years Programme is English. Your child will be in a multicultural environment together with children from other countries.

## Toddlers: 1.5 to 3 years old

Holding onto the concept of a nursery, the JIMS Toddlers Programme organises its curriculum into six areas of learning:

- Personal, social and emotional development
- Communication, language and literacy
- Mathematical development
- Knowledge and understanding of the world
- Physical development
- Creative development

**Your child will be learning skills as follows**

### Personal

Putting on shoes, buttoning, zipping, washing hands, potty training, introducing him/her self and mentioning their nick name.

### Academic

Colouring, cutting, marking, recognising alphabets, number 1-10, colours and shapes.

### Social

Sharing, following simple directions, acting appropriately around peers, taking turns.

## Preschool: 3 to 4 years old

In the JIMS Preschool class, your child will benefit from the International Baccalaureate's Primary Years Programme (PYP) curriculum. Under PYP, your child will learn and play to develop their maths, physical education, art, library, and music skills to become life-long learners.

At JIMS, the preschool classroom provides a stimulating environment for young children. Everything in our IB PYP preschool classrooms is child-sized. Materials are laid out in an orderly fashion and they are within easy reach of our young students to promote independence and stimulate curiosity and inquiry.

## Reception: 4 to 5 years old

Reception students are fully immersed in the IB PYP, completing four Units of Inquiry throughout the year, along with English language and reading, maths, Bahasa Indonesia, physical education, drama, music, art, swimming and computer class. JIMS teachers use IB Learners Profiles and IB Attitudes throughout their day-to-day teaching and interaction with the students.

The academic progress of your child will be documented in "Portfolios" which is designed for students to track their own growth as a learner throughout the year. Your child will present their portfolio to you so that you can see and hear directly from them regarding what they have learned. As our Reception students near the end of an academic year, they will have developed a strong sense of self, be confident in mastering projects on their own, and become well-prepared for ongoing exploration in primary education as independent learners.

## Body, Mind and Spirit

JIMS places special emphasis on treating students as individuals, recognising their different needs and talents. Our curriculum and extra-curricular activities provide our students with the opportunity to try new things, develop their skills and express themselves in a variety of different ways. After School Activities (ASA) are available for all students in Toddlers, Preschool and Reception.

**Here are some of the ASA choices:**

- \* Cooking Class
- \* Action Rhyme and Dancing
- \* Ballet
- \* English as a Second language (ESL)
- \* Art

**Choice of Days (for toddlers class only) :**

- 2 days - Tuesdays / Thursdays
- 3 Days - Mondays / Wednesdays / Fridays
- 5 Days - Monday - Friday

**ASA Time:  
1.00 - 1.45**

**Choice of Hours (for toddlers class only) :**

- 8.00 am - 11.00 am
- 8.00 am - 01.45 pm (including napping and taking an ASA class)

## Spacious and Green Campus

JIMS is located on 1.5 hectares of land in the green Situ Gintung area in the south of Jakarta, away from polluted streets and toll roads. The campus itself is equipped with:

- \* Air Conditioned Classrooms
- \* Plenty of Green Playgrounds
- \* Large Library
- \* Computer Lab
- \* Music Suite
- \* Art and Design Room
- \* Performing Arts Centre
- \* Covered Swimming Pool

## Bus Service

The School buses provide a door-to-door pick-up and drop-off service to most areas of Jakarta. It is a school regulation that the students are accompanied on the bus by a chaperone who takes care of the children and maintain discipline on the bus, ensuring students remain seated throughout the journey.
